

Difficult Situation Charades

You fell on the playground and skinned your knee.	You didn't understand your school work and you failed a test.
You forgot your sack lunch or lunch money.	You are being teased by another student at school.
You missed a shot that would have made your team win the game.	You spilled your food all over yourself, ruining your brand-new shirt.
You weren't invited to a birthday party that most of your friends are attending.	You were placed in a different class from your friends who have the same teacher.
You forgot to do your chores and consequently are not able to attend an event.	You wrecked your bicycle and now you can't ride it.
